THE CABLE 2011

MESSAGE
FROM THE
PRESIDENT

Congratulations to all members of the class of 2011 on completing your studies in academic programs that are among the most demanding in America and on receiving your degrees from one of the nation's most distinguished institutions of higher education. I offer my best wishes for your continued success during the next stage of your careers.

As I complete my eleven year tenure as president of The Cooper Union, I feel a special kinship with the class of 2011. Throughout my years here, my work has been explicitly inspired by the unique attributes of Cooper Union students: your exceptional intelligence, dazzling creativity and uncommon work ethic. I have often been energized and profoundly moved by architecture thesis reviews, engineering project presentations and senior art exhibitions. Students'

contributions to the stimulating, rigorous and exciting intellectual discourse that permeates our culture have helped to reshape our vision for the future while perpetuating the best of the academy's historic traditions. I have continuously felt deeply honored and privileged to serve as your president.

I ask the members of the class of 2011 to join me in acknowledging and thanking the distinguished faculty for their dedication to making a Cooper Union education second to none. We must also thank the leadership team of the College, the deans and officers for their contributions to making Cooper Union the special institution that it is: Dean of Students, Linda Lemiesz; Dean of Admissions and Records, Mitchell Lipton; Dean of Architecture, Anthony Vidler; Dean of Art, Saskia Bos; Acting Dean of Engineering, Simon Ben Avi; Dean of the Faculty of Humanities

MESSAGE
FROM THE
PRESIDENT

and Social Sciences, William Germano; Secretary to the Board, Lawrence Cacciatore; Vice President of Finance and Administration, T. C. Westcott; Vice President of Development, Derek Wittner; and Senior Vice President of External Affairs and Strategic Planning, Ronni Denes. As we navigated the institution through the tumultuous social, economic and political environment of the recent past, the Board of Trustees, too, has been invaluable in carrying out its governance responsibilities.

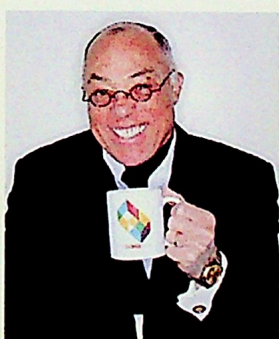

And, of course, we are all the beneficiaries of Peter Cooper's extraordinary legacy and his desire "...that unnumbered youth will here receive the inspiration of truth in all its native power and beauty, and find in it a source of perpetual pleasure to spread its transforming influence throughout the world." The gift of a Cooper

Union education, then, comes with the expectation that you will apply your and your formidable talents to make a measurable difference in the world.

GEORGE CAMPBELL JR, PhD.
